

DOUGHNUT & MOUTH
ON THE BOBBY DAZZLER STAGE
Touring 2025

DOUGHNUT & MOUTH

Doughnut and Mouth are a very unlikely duo from the Council, on a mission to enforce new safety rules after a spate of serious incidents.

Doughnut is a tragic misanthrope who feels like something is missing, and follow the rules out of exhaustion. Mouth is a cheeky lush, always thirsty, talks a mile a minute, and doesn't always follow the rules. All seems well until they get invited to an event they really shouldn't attend, which leads them to question authority, rip up the rule book and party like there's no tomorrow.

Performed by the superb Emmanuel Akwafo (For Black Boys) and Peter Clements (Frau Welt). With stunning costumes by Allen & Adcock.

THE BOBBY DAZZLER

Hackney Showroom has been delighting and surprising audiences with outstanding, inclusive outdoor live performance since 2014 and we are thrilled to announce a new touring stage. The Bobby Dazzler is a visually stunning show-stopper that can drive to a number of locations and be placed anywhere with vehicle access – open air, car parks, streets, town squares, green spaces and riverside locations. It is the perfect addition to outdoor arts event and festivals.

Hackney Showroom has an impressive track record of producing and curating outdoor work, from our own Disco Loco In the Park festival of culture for 4,000 families in Hackney, to curating the Southbank Centre Summer Sessions over 6 weekends and takeovers at the National Theatre Riverstage, Museum of London, Dance Umbrella and more.
